CAEN STONE.—P. FOUCARD, Quai des Abattoirs, Caen proprietaire de Carrieres à Allemagne, offers CAEN STONE extracted from the first quarries at Allemagne, and ready to execute or shipments free of expense from the depôt at the Whitby and Scotch Wharf, 14, Farringdon-street, Limehouse. Contracts taken for any quantities. Carved work executed to order, from Caen, to any part of the coast.—Apply to P. FOUCARD, at the Office, 14, Money-street, Borough Market; or to Mr. E. WEBSTER, at the Wharf.—Samples to be seen, and references to be had, to Mr. MARSH'S, No. 3, Charlotte-row, near the Mansion-house.

DARLEY DALE, near MATLOCK, DERBYSHIRE.—These celebrated Quarries are in full work, and prepared to execute orders to any extent. The Stone is first from veins, and may be obtained in Blocks of very large dimensions. There is every facility for conveyance by the Manchester, Sheffield, Matlock, and Midlands Railway, direct from the Quarry, or by Canal. The following Edifices have been supplied from these Quarries:—St. George's Hall, Liverpool; St. Enoch's Grammar School, Birmingham; Railway Stations, Birmingham; Lismore Castle, Ireland; Theatre, Manchester; Water Works, Salford; the Schools erected in the Keynsa of Henry Beasley, Esq., Lambeth. Any Communications addressed to Messrs. W. & J. WEBSTER, 13, Bunhill-street, Wenlock, or to Mr. GEORGE WALL, Manager, at the Quarries, will be promptly attended to.

RANSOME and PARSONS beg to draw the attention of Architects, Builders, and others, to their PATENT STONE, which is in no respect liable to decay, resists from all other artificial productions for a similar purpose. Fire proving the basis. In characters, texture, and appearance it is made to resemble every kind of natural stone, to pleasure from the marble to the coarsest oolite, and the public, all the most valuable and enduring properties, without being liable to any of their defects. It is especially applicable to all kinds of architectural decorations and mouldings, fountains, balustrades for terraces, steps, posts and copings, &c. &c., also, for all varieties of plain and ornamental flooring. In price it is far below the cost of any natural products, and, in many cases, can be furnished at less than ordinary cement. Copies of Name, Stationery, or other Works of Art, may be obtained in this Stone Patent Stone, or indirectly as in Plaster of Paris.

IMPORTANT to WATER COMPANIES, MANUFACTURERS, and the PUBLIC.—RANSOME and PARSONS beg to call the attention of WATER COMPANIES, MANUFACTURERS, and others to their PATENT STONE FILTERING SLABS, which are capable of filtering from 100 to 600 gallons of water per superficial foot per day, with a head of water varying from 3 to 4 feet. These slabs form a protection to any required dimensions, and, consequently, can be adapted to filter tanks, &c. of any scale. By a simple preconstructionary arrangement, they are prevented from being in any way choked or impeded in their action. Prize in per superficial foot. Full descriptions and prices of their other descriptions of filters will be supplied on application.

IMPORTANT to BRICKMAKERS and CONTRACTORS.—RANSOME and PARSONS are the proprietors of HALL'S PATENT BRICK-MAKING MACHINE, capable of making 15,000 bricks per day and upwards, which are superior to those manufactured by hand, and are produced at considerably less cost. Communications to be addressed to the Patentees.—Messrs. RANSOME and PARSONS, Plum Wharf, Ipswich; or to 108, Bernard-street, London.

BATHS and CHURCHES.—Many are not aware that a good eight-inch tempered filter HOME-PATENT BRICK-MAKING MACHINE capable of making 15,000 bricks per day and upwards, which are superior to those [illegible] manufactured by hand, and are produced at considerably less cost. Communications to be addressed to the Patentees.—Messrs. RANSOME and PARSONS, Plum Wharf, Ipswich; or to 108, Bernard-street, London.

FRENCH PLASTER mixed with sand for [illegible] internal walls, which dries rapidly, [illegible] equal to those of lime and hair, at a [illegible] Sold in casks of about [illegible] cwt. each, at 10s. per cwt.—Apply to the [illegible] GAMBLE-GOUGH.

ATKINSON'S CEMENT, made in Lon[illegible] [illegible] manufactured from the Montgrave estate, is [illegible] for internal purposes and the material [illegible] and for its great [illegible] [illegible] of PARIAN CEMENT, [illegible] of the finest polished or painted [illegible] with a few hours of its application. [illegible] produces it as [illegible] as marble to the eye, [illegible] [illegible] and beauty of tints are unrivalled.—J. B. WHITE and SONS, Millbank-street, Westminster.

KEENE'S and PARIAN CEMENT [illegible] for internal stucco, are employed very advantageously [illegible] floors of wood for stables, architraves, and panel [illegible] and for indoor flooring, instead of stone. The peculiar [illegible] of PARIAN CEMENT allows of the being painted or papered [illegible] with a few hours of its application, and these properties [illegible] peculiarly [illegible] for stucco work preparatory to those operations, the [illegible] and beauty of which are unrivalled.—J. B. WHITE and SONS, Millbank-street, Westminster.

J. B. WHITE and SONS advise purchasers of ROMAN CEMENT to ascertain if the article offered [illegible] under that name is a reduced price to the real [illegible] or a spurious imitation of it in the shape of a Lias [illegible]

PORTLAND CEMENT, as manufactured by J. B. WHITE and SONS, possesses all the properties of the best Roman Cement, but has the advantage over that [illegible] of being manufactured from a stone of uniform character, [illegible] to five times harder and more compact than the Roman [illegible] Stockyard as an hydraulic cement, is [illegible] to five times harder and more compact than the Roman [illegible] Roman Cement with but one measure of sand. This superior [illegible] setting power, combined with its eminently hydraulic properties, [illegible] point it out as the fittest material for building [illegible] and [illegible] resist walls, the lining of reservoirs, cisterns, and basins, and [illegible] those purposes where strength and a perfect resistance to water [illegible] required.

Manufactories—J. B. WHITE and SONS, Millbank-street, Westminster, and 28, Fleet-street, Liverpool.

PORTLAND CEMENT, in Casks of Four Imperial Bushels. QUANTITY NOT WEIGHT RE[illegible] THE STANDARD.—CHAS. FRANCIS and SONS, Cement Works, Nine Elms, London.

PORTLAND CEMENT. MANUFACTURED by WILLIAM ASPDIN, [illegible] the Patentee.—Messrs. ROBINS, ASPDIN, and Co. [illegible] reference to No. 188, page 481; and also Nos. 194 and [illegible] 243 and 251, of "The Builder," for accounts of EXPERIMENTS on the strength of Portland Cement, whereby the great superiority of their Cement is manifest. This Cement has been proved for upwards of twenty years in the Thames Tunnel to resist the action of water; it is stronger in its [illegible] qualities, harder, and more durable than any other description of Cement; it takes [illegible] more sand, and is not [illegible] affected by any unmanageable inhumness whatever the ultimate setting alike the action of fresh and salt water. It is manufactured to [illegible] from five to sixty minutes. For all purposes where cement is required it [illegible] the Proprietors challenge competition.—Orders received by Messrs. ROBINS, ASPDIN, and Company, at their Manufactory, Northfleet, Kent, and their Wharf, Great Scotland-yard, Whitehall; also of their Depôt, 61, Hanover-street, Liverpool.

PORTLAND CEMENT.—FREEMAN and RICHARDSON have much pleasure in introducing to the trade the above superior CEMENT, being of uniform and quality in consequence of their having [illegible] in the [illegible] It possesses extraordinary [illegible] qualities, resists the action of frost and heat, and is more durable than any other Cement; does not vegetate, turn green, or crack, [illegible] with which the eminent hydraulic properties of this [illegible] Cement; it [illegible] and [illegible] the work where all kinds of [illegible] are requisite. It is manufactured on the only principle [illegible] Cement can be, and contrary to the [illegible] put forth by [illegible] who have hitherto had the monopoly. Manufactured [illegible] WORKS, Rye, on the River Arun, and [illegible] all parts of the Kingdom per boat or rail, at a reduced price [illegible] trade.

4, South Wharf, Paddington.

JOHNS and CO.'S PATENT PERMANENT STUCCO, WARM, WITHOUT SIZE OR OTHER CORRUPTIBLE INGREDIENT.

JOHNS and CO. having effected some important improvements in the manufacture of this very useful material, confidently refer to the notice of the Trade and the Public generally, as [illegible] every and testing over the same in Lord's Wall of WORK [illegible] STUCCO or BRICK WORK. It is a Stone Colour, [illegible] tinted any other—DOES NOT WASH OFF—is perfectly [illegible] [illegible] and [illegible] [illegible] adapted for Railway Stations, Union Workhouses, [illegible] Schools, Prisons, &c. One cwt. will cover 20 square yards. [illegible] keep good for years, and MAY BE EXPORTED WITH [illegible] PERFECTION.

JOHNS and CO.'S STUCCO CEMENT.—The cement [illegible] the great reduction in price, and its [illegible] for interior [illegible] wall or external surfaces, places it above all other [illegible] of this kind; it has no caustic qualities; may be painted or [illegible] in a few hours; does not [illegible] or crack; [illegible] and [illegible] as hard as stone; and may be cleaned with a brush, and [illegible]

The merits of the PAINT are well known for its [illegible] to stucco work of all kinds, and external work [illegible] Numerous testimonials can be [illegible] and every [illegible] is [illegible] to adopt. [illegible] applications to the Sole Agent, PHILIP [illegible] at the Warehouse, 31, Fleet-yard, Upper Thames-street. A [illegible] allowance in wholesale dealer.

ROMAN CEMENT and PLASTER of PARIS WORKS, THOS. FRIERY and CO. Manufacturers of ROMAN CEMENT, PLASTER of PARIS, and GROUND BLUE LIAS LIME.

DUNCANT WHARF, Regent's Canal, Kingsland-road LONDON DEPOTS—QUEEN'S WHARF, Great Cambridge-street, Hackney-road.

KING'S WHARF, New Wharf-road, Battle-bridge.

No. 8 WHARF, PADDINGTON.

N.B. LATHS, TILES, PAVING BRICKS, PLASTERERS' HAIR, ARTIFICIAL STONE, POTTERY WARE, &c. &c.

ROMAN and other CEMENTS.—Manufactured by J. M. BLASHFIELD, engineer, to the firm of JAMES, PARKER, and WYATT, who, in 1796, first introduced PARKER'S ROMAN CEMENT, which has ever [illegible] since been extensively used in most of the public and private buildings, and other works in this country, and throughout the world. Among the more recent works in this country which have been largely employed since the present proprietor [illegible] them, may be named the Lyceum and [illegible] Theatres, the Custom-house, the Army and Navy Club [illegible] the London Docks, the Thames Tunnel, the Winter Palace [illegible] Petersburgh, the British Museum, the York Minster, the [illegible] the Nelson Column, and the New Houses of [illegible] property, and in the [illegible] and [illegible] mical Cement for hydraulic works [illegible] and, when used [illegible] Stucco, it will resist the action of heat and frost, and preserve [illegible] from damp. As a mortar for bricklayers, it surpasses [illegible] materials used in LEALS as CEMENT FOR SUCH [illegible] MORTAR MADE OF ORDINARY LIME. Persons, or Builders [illegible] for setting masonry where slow hardening is [illegible] so as to allow for the [illegible] of work. A Cement of extraordinary and hydraulic properties, and with which the most [illegible] works in London have been executed. Sheathing Felt, [illegible] Mastics, or Oil Cements, which may be painted [illegible] Also Martin's Cement, Keene's Cement, Portland Cement, Quarries Plaster of Paris, procured from the purest [illegible] and [illegible] Tiles.—Manufactory, Hillhall, Poplar, London. Cement-road, Lambeth, and Paddington-basin. Counting-house, 4, Sun-street, Bank-lane, City.
